CAREER SUMMARY

I'm Mubashar Hassan, a BS Software Engineering student passionate about coding and innovative problem-solving. Skilled in Python, MERN Stack, and Next.js, I focus on creating efficient, user-centric applications and continuously seek to grow through real-world, impactful projects.

SKILLS AND STRENGTHS

- **Programming Languages:** C#, JavaScript, Python, Php, SQL
 - **Frontend:** Next.js, React.js, Tailwind CSS, Bootstrap
 - **Backend:** Node.js, Express.js, MongoDB, MySQL, .NET
 - **Tools & APIs:** Git, GitHub, Postman, JWT, Gemini API, Stripe
 - **Concepts:** RESTful APIs, Authentication & Authorization, Email Verification, Real-time Chat, AI Integration
-

PROFESSIONAL ACCOMPLISHMENTS/PROJECTS

- Build an AI-powered platform offering smart resume building, cover letter generation, interview prep with AI MCQs, and personalized career guidance. Built using Next.js, Prisma, Neon Database, and Clerk for secure and efficient performance.
 - Developed a full-stack clothing e-commerce website using MERN stack with integrated user/admin panels, JWT authentication, email verification, Stripe payment gateway, and real-time stock management.
 - Created a real-time chat application using MERN and Socket.io, enabling secure user login and instant message communication with real-time socket-based updates.
 - Built a dynamic blog platform using MERN stack featuring secure user/admin roles, JWT-based authentication, a rich text post editor, and a real-time comment system.
 - Created a C# desktop-based employee management system using .NET framework and SQL database, supporting employee registration, update, search, and deletion operations.
 - Built a PHP-based student quiz and portal system using jQuery and Bootstrap with timed questions, answer review, and an admin panel to manage courses and quizzes.
 - Developed a Python-based virtual assistant using the Gemini API capable of handling voice commands and executing tasks
-

WORK HISTORY

- **General Wing Head, Arid Society for Social Impact:** Demonstrated strong leadership and organizational skills.
 - **Event Coordinator, Arid Literary Society:** Coordinated events for two years, honing leadership and communication skills.
 - **MERN & UI/UX Intern, SFH:** Assisted in developing web applications using the MERN stack while contributing to UI/UX design improvements to enhance user experience.
-

EDUCATION

- **INTERMEDIATE**, 2019 - 2021, Govt Graduate College, Sahiwal
- **BS SOFTWARE ENGINEERING**, 2022 – Present, PMAS - Arid Agriculture University, Rawalpindi
